People in Delhi will get (250ml) chilled water for just Rs. 2 and for filling full bottle of they need to pay Rs. 5 per litre. The paper glasses will be available at every Water ATM. There was a very good response for the Water ATM in SDMC and about 300 glasses of water are sold per day. So, officers have decided to expand this service. This machine has a capacity of 5000 litres of RO water.
