TESTIMONIALS.....

“ Perfectly designed training for aspiring entrepreneurs and entrepreneurs who wants to set up their business in Mineral Water / packaged drinking water. The training covers A-to-Z information, interactive modules and it is conducted by highly experienced bunch of experts from various domains.

Biman Gandhi

“ Attended "PACKAGED DRINKING WATER PLANT TRAINING Idea to Actualization" on Oct 7-8 which was very informative. The details from researching about the demand to marketing the products, through setting up plant, were explained in easy and understanding manner. This session helped me in deciding the plant capacity and other aspects of packaged drinking water business.

Shailendra Kumar

“ It was wonderful experience as sessions are really good to understand the Packaged Drinking Water Industry. My all doubts are cleared during the sessions. Specially the Bis session. It will be really helpful to me for my business planning and execution and project implementation. So thank you so much....

Shriram Korde

“ Very usefull training for those who are new to this industry... Got direction to start my own plant... very very productive teaching material... i will be looking forward to take consultation from you guys before starting my plant... thank you...
